On behalf of the organizing committee of ITF Spain "Federación Española de Taekwon-Do ITF, I am pleased to "Officially" invite your National Association to the 26th Junior and 35th Senior European Championships 2021, which will be held in the city of La Nucía, Spain.

Our previous international events have always been a window for participants to show their skill and preparation to obtain the best results. Especially this year, we are doing our best to make this European Championship possible with all protocols and sanitary security measures.

The European Championships 2021 is a great opportunity to forget this difficult year and re-issue the success of the last EUROS, making it an unforgettable event for all participants and bringing great success that makes us smile back and make us happy again to all.
